how did east and west germany and japan reconstitute national identity after world war ii did all three experience parallel reactions to national trauma and reconstruction history education shaped how these nations reconceived their national identities because the content of history education was controlled by different actors history education materials framed national identity in very different ways in japan where the curriculum was controlled by bureaucrats bent on maintaining their purported neutrality materials focused on the empirical building blocks of history who where what at the expense of discussions of historical responsibility in east germany where party cadres controlled the curriculum students were taught that world war ii was a capitalist aberration in west germany where teachers controlled the curriculum students were taught the lessons of shame and then regeneration after historians turned away from grand national narratives this book shows that constructions of national identity are not easily malleable on the basis of moral and political concerns only but that they are subject to institutional constraints and opportunities in an age when post conflict reconstruction and reconciliation has become a major focus of international policies the analysis offers important implications for the parallel revision of portrayals of national history and the institutional reconstruction of policy making regimes

8th grade math workbook for kids ages 13 14 support your child s educational journey with the spectrum grade 8 math workbook that teaches essential math skills to eighth graders spectrum s 8th grade math workbook is a great way for eighth graders to learn essential math skills such as learning pythagorean theorem geometry rational and irrational numbers and more through a variety of problem solving activities that are both fun and educational why you ll love this math book engaging and educational math for 8th grade students using and rewriting exponents solving word problems and linear equations are a few of the fun activities that incorporate math in everyday settings to help inspire learning testing
